

Full-arch stackable cases

Turnaround times

Clear planning. Confident results.

Collaborative planning

Every stackable case includes a collaborative planning session with your 3DDX or GuidedSMILE partner to ensure precision from the start

Streamlined workflow

Turnaround times begin only *after your approval*, so every step moves forward with full clinical confidence

Reliable scheduling

Vulcan turnaround times are measured *in full business days* at our facility, keeping your schedule predictable and on track
